

# Protective Thumb Looped Apron

Our long sleeve thumb loop aprons are designed for tasks where a fully impervious non-sterile gown is needed, providing maximum protection and comfort at minimal cost.

Unlike similar products on the market, they are generous in size, come with long sleeves that encompass thumb loops to maximise protection of the arms, as well as the body.

## KEY FEATURES

- Long Sleeves
- Thumb Loops
- Open-back gown
- Impervious Protection

The easigown comfort protective apron is delivered in four packs of 25, culminating in a box containing 100 individual aprons.
